Tuition and Fees

Exchange students are responsible to pay their home institution's tuition. Through the exchange program with the NUCB BS, students are not responsible for making a tuition payment to the NUCB BS.

However, students need to purchase textbooks and other materials by themselves because these costs are not covered by the exchange agreement. Most courses are conducted by using e-casebooks. Cases are provided in data form and **students must pay in cash at the office**. E-case fees differ by course and the maximum range costs approximately **30,000 JPY per semester**.

We also require all students from our partners' schools to pay a separate administrative fee per semester which includes student insurance fee, visa support and Kurimoto Gakuen Education Enhancement Fee (required by all students) which is **15,000 JPY** per student.

Arrival in Nagoya

Transportation

The NUCB Business School provides transportation service on arrival from the downtown campus (not from Chubu International Airport) to the student residence on specified arrival days set by the administration.

In some cases, students are asked to make arrangement for accommodation themselves in these situations,

- arrive at downtown campus after 6:00 p.m. (including the specified arrival dates)
- arrive in Japan prior to the specified arrival days
- students living in the Chiyoda Residence

For those who arrive at our campus after the specified days, transportation services will not be available. In this case, we ask students to visit the campus during office hours for guidance to the residence.
